**PLAN NATIONAL BODY
FOR "PRO" GOLFERS**

Thirty-two Professionals Have Already
Made Application for Membership
in New Organization.

New York, Jan. 18.—The first steps to organize a national professional golfers' association were taken yesterday at a dinner in the Taplow Club at Wanamaker's. There never had been such an organization since golf was introduced in this country more than a quarter of a century ago. It is planned to have the scope of the association extend from coast to coast, the objects being to have the professionals formally organized so as to help clubs obtain good workmen, aid the unemployed to obtain jobs, and possibly arrange plan where those in distress can be assisted.

Joseph H. Appel acted as toastmaster, and the members of the Taplow dined together, with almost as many more amateurs. The master was first discussed, and the following committee was appointed to devise ways and means for formal organization: Gilbert Nichols, metropolitan open champion; James G. Hepburn, former secretary of the British Amateur; Alexander Jacob Mackie, of Dundee; Jack Hobens of Englewood, and Robert White of North Shore. A meeting will be held next Monday to elect temporary officers and proceed with the work of organizing.

Thirty-two professionals signed applications for membership in the new association. One of the ideas is to run a big professional tournament each year, something like the one held last fall on the West Coast, and in districts where the survivors to meet and finish the tournament at match play. This tournament would be open to amateurs or professionals, native or foreign.

Dartmouth Is Dropped.

Ashmont, Mass., Jan. 18.—The Amherst College football schedule for the season of 1916 is featured by the absence of a game with Dartmouth.
